GROW YOUR BUSINESS!

CLEVERLY CURATED SEED COLLECTIONS NESTLED IN FERTILE COIR BARS, READY TO GROW. JUST ADD WATER.

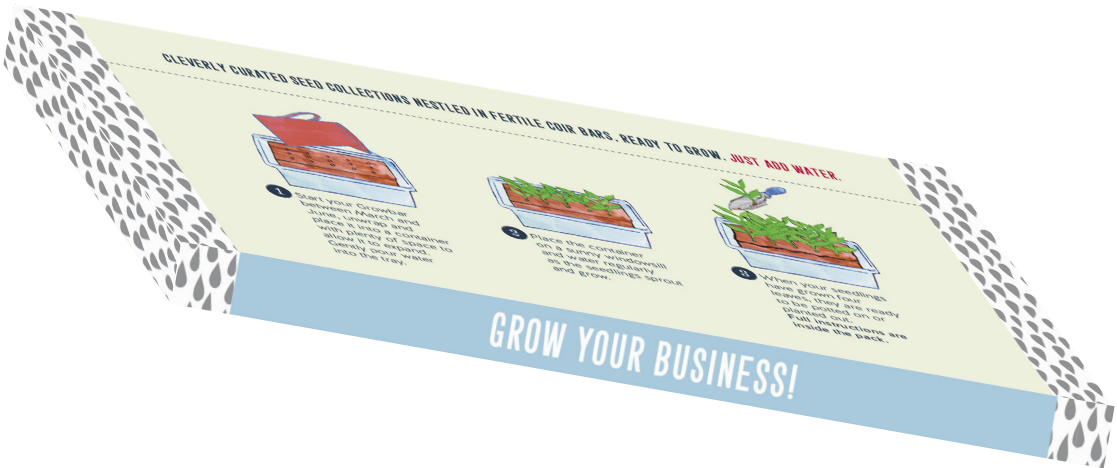

1 Start your Growbar between March and June, unwrap and place it into a container with plenty of space to allow it to expand. Gently pour water into the tray.

2 Place the container on a sunny windowsill and water regularly as the seedlings sprout and grow.

3 When your seedlings have grown four leaves, they are ready to be potted on or planted out. Full instructions are inside the pack.
